

## *News Release*

28 November 2023

### **HS2 site visit**

Balfour Beatty, the international infrastructure group, are today hosting institutional investors and analysts at the HS2 Old Oak Common Station construction site in London. The event will include a site tour of the project, which Balfour Beatty are delivering in joint venture with VINCI and SYSTRA, and a presentation, which will be shared on [www.balfourbeatty.com](http://www.balfourbeatty.com) following the conclusion of the event.

No new material information or guidance will be disclosed.

- [Balfour Beatty](http://www.balfourbeatty.com) is a leading international infrastructure group with 25,000 employees driving the delivery of powerful new solutions, shaping thinking, creating skylines and inspiring a new generation of talent to be the change-makers of tomorrow.
- We finance, develop, build, maintain and operate the increasingly complex and critical infrastructure that supports national economies and deliver projects at the heart of local communities.
- Over the last 114 years we have created iconic buildings and infrastructure all over the world. Currently, we are working to deliver Hinkley Point C, the first UK nuclear power station in a generation; constructing the world-class arts and cultural facility, the Lyric Theatre, in Hong Kong; and designing, building, financing, operating and maintaining the Automated People Mover superstructure at the fifth busiest airport in the world, Los Angeles International Airport.
